REACH & RoHS compliance declaration

The ANDIG company markets products that comply with the requirements of the REACH regulation 1907/2006/EC (the "Regulation") and the RoHS Directive 2011/65/EU amended by Directive 2015/863 (the "Directive").

For the purposes of REACH, ANDIG, as a manufacturer of electronic and electro-technical products, is a "downstream user".

Our creations (the "products") fall under the definition of "articles" according to Article 3 of the Regulation. These products are not intended to release substances, as defined according to the said Regulation, under normal and reasonably foreseeable usage conditions; as such, Article 7.1 of the REACH Regulation on the registration of the substances in the articles, is not applicable to our products.

Compliance with the Regulation and Directive is established through a permanent contact with our suppliers in order to gather and update the relevant data.

This declaration is up-to-date with the "Candidate List June 2025". Should modifications appear, we will so inform our customers pursuant to the said Regulation and the said Directive, as of the availability of relevant data within the supply chain as required by Article 33.1 of the Regulation and of the Directive.
